Choose amongst the similar displayed materials the product you are interested in. To select the product, just **place the mouse over the selected line**. Click again on this line and the system will show you:

 Density of the chosen product (t/m3).
Whether handling is done with a

clamshell clam or an orange peel clam.

3. A **technical file with 5-6 pictures and 10-12 videos** of similar machines working with similar products is shown.

Besides, if you wish to do so, you can ask for a **complete technical- economic offer** that you will be receiving **immediately.**
